[1] Retention cohorts include all First-Time students who attended CNM during a Fall term. Retention rates also reflect graduates. Students who graduate within the retention timeframe are counted as retained.

[2] Fall-to-Fall retention consists of students who were enrolled during the specified Fall term and returned the following Fall term. For example, in the Fall-to-Fall First-Time Student Retention Table, 49.1% of the Fall 2011 cohort were retained into the Fall 2012 term.

[3] Fall-to-Spring retention consists of students who were enrolled during the specified Fall term and returned the following Spring term. For example, in the Fall-to-Spring First-Time Student Retention Table, 72.5% of Fall 2011 cohort were retained into the Spring 2012 term.
