## ADULT & DEVELOPMENTAL EDUCATION

<http://planet.tvi.cc/dade>  
(505) 224-3939

The vision of the Department of Adult & Developmental Education (DADE) is to be a progressive learning community in which all students, staff, and faculty can succeed and become life-long learners. DADE's mission is to create a progressive learning community designed to meet the needs of a diverse student population by integrating adult education, developmental education, and learning assistance. We are committed to using education as a tool to help students increase options, thus improving the quality of their lives.

There are many reasons students are not ready for college-level studies. Some did not enroll in the right courses in high school; others once had the skills but have not used them; and some have faced responsibilities or circumstances that made it difficult to succeed.

Faculty and staff in the Department of Adult & Developmental Education work with students to develop the basic academic, work, and life skills necessary for success. DADE offers free non-credit classes in Adult Education as well as free credit courses in Developmental Education. Credit courses in reading, study skills, writing, computer science, math, and science are offered as well as introductory courses to some vocational programs. Students are placed in the appropriate courses based on their needs, interests, academic abilities, and test scores. The department also offers learning support through the Assistance Centers for Education (ACE).

### ADULT EDUCATION

#### Non-Credit Skills Classes

The Adult Basic Education Program at TVI offers free instruction to adults who do not have their high school diploma and to adults who do not speak English as their first language. Courses are offered in English as a Second

Language (ESL) and Basic Academic Skills/GED Preparation (BSK & JLS). These courses help students prepare for higher education, job advancement, or personal fulfillment. Adult Education students receive most of the same services as other TVI students (for example, library access) but do not follow the procedures outlined in this Catalog for admission/registration and are not eligible for financial aid. Textbooks are provided free to students.

Adult Education classes are offered during the day and in the evening and at each of the TVI campuses as well as at many community sites throughout Bernalillo County. Additional information on Adult Education sites is available at any of the TVI campuses. Eligible students may register for Adult Education classes at any of the TVI campuses or community sites where classes are offered. Adult Education offices are located in Ken Chappy Hall Room #1 at Main Campus (505) 224-4282, in H102 at Montoya Campus (505) 224-5575, in the main office area at South Valley Campus (505) 224-5000, and in the main office area at Rio Rancho Campus (505) 892-7113. Prior to registering for classes offered at TVI campuses, students are required to complete an assessment for placement into classes.

Instructors take attendance at each class session. If a student is absent four classes in a row, the teacher will try to contact the student. A student may be dropped from the class after four consecutive absences. Students who have missed or dropped classes are encouraged to go to the Adult Education Learning Centers at the Main and Montoya campuses to continue their studies. Each student receives a certificate that indicates the total number of hours attended in each course. No letter grades are given. Unless otherwise noted, classes are offered for the full-term. *More information about Adult Education courses can be found on page 228.*

### DEVELOPMENTAL EDUCATION

#### Credit College-Preparatory Courses

Developmental Education courses prepare students for liberal arts or vocational majors, for self-improvement, or for career enhancement. The courses are graded CR (credit) and

NC (no credit) to help students build their skills without the added pressure of the traditional grading system (A,B,C,D,F). While credit from Developmental Education courses is not transferable to other degree-granting institutions, these courses typically help students meet admissions requirements and program prerequisites.

Developmental courses are numbered 090 through 100. Subjects are English (course prefix ENG), math (MATH), reading (RDG), study skills (SSKL), biology (BIO), chemistry (CHEM), and occupational topics: accounting (ACCT), computer programming (CP), computer science (CSCI), drafting (DRFT), electronics (ELEC), and health (HLTH).

Eligible students may receive financial aid for up to 30 credit hours in Developmental Education courses. Students using veterans' benefits should check with VA certification advisors (in the Financial Aid Office) to determine if the Developmental Education courses are eligible for benefits. *More information about Developmental Education courses can be found on page 230.*

## ARTS & SCIENCES

<http://planet.tvi.cc/artsci>  
(505) 224-3561

**A**rts & Sciences provides liberal arts courses to support vocational degree and certificate programs, and offers the Associate of Arts in Liberal Arts degree. All courses are transferable to other degree-granting institutions as freshman and sophomore electives or requirements. All courses in Arts & Sciences have tuition charges. In addition, science, computer science, and art courses require course fees.

### General Honors Program

Offering intensive interdisciplinary study, the General Honors Program increases opportunities for liberal arts education. Taught in a small-group seminar format, Honors courses emphasize discussion, student participation and self-expression. Students interested in these courses must have completed nine hours in Arts & Sciences, have a 3.2 or higher cumulative GPA and have earned a B or better in English 101. For information and registration, interested students should see an advisor.

### Aerospace Studies

Students may register at TVI for the University of New Mexico Aerospace Studies/Air Force Reserve Officer Training Corps (AFROTC). Uniforms and textbooks are provided by AFAS. Because these classes are offered at the main campus of UNM, students should contact Lt. Col. Richard G. Trembley (see entry in the Course Descriptions section of the catalog, listed under AFAS) before enrolling.

## BUSINESS OCCUPATIONS

<http://www.tvi.cc/bod>  
**(505) 224-3811**

**P**reparing students for the real world of business and profits is critical for success in today's global economy. Business Occupations offers students an opportunity for building business careers in a complex, fast-paced, ever-changing, technology-driven, competitive, innovative, collaborative and global environment.

Business Occupations classes may be scheduled during the day, evening, and/or Saturday and Sunday at all four TVI campuses, at arranged on-site locations, and through distance learning delivery methods. The Business Occupations Department Weekend Business School offers Friday evening, Saturday and Sunday classes.

A minimum of 12 students is required for first term and elective courses. A student who registers for a Business Occupations program may be required to take English, reading, and/or math placement tests. Advanced students may earn credit for on-the-job-training through cooperative education and internship courses.

The New Mexico Two-Year/Four-Year Business Articulation Matrix and articulation agreements with several New Mexico postsecondary educational institutions offer course transfer opportunities for Business Occupations students.

Business Occupations associate degree programs that have received national accreditation are (followed by the accrediting organization):

- Accounting (Association of Collegiate Business Schools and Programs)
- Business Administration (Association of Collegiate Business Schools and Programs)
- Business Graphics (Association of Collegiate Business Schools and Programs)
- Computer Information Systems (Association of Collegiate Business Schools and Programs)
- Court Reporting (National Court Reporters Association)

## INSTRUCTIONAL DEPARTMENTS

- E-Commerce (Association of Collegiate Business Schools and Programs)
- Hospitality and Tourism (Association of Collegiate Business Schools and Programs)
- Office Administration (Association of Collegiate Business Schools and Programs)
- Paralegal Studies (American Bar Association and Association of Collegiate Business Schools and Programs)
- Pre-Management (Association of Collegiate Business Schools and Programs)

Accreditation by The Higher Learning Commission requires that the Business Occupations programs identify student learning outcomes. All Business Occupations students are required to participate in outcomes assessment. Test scores do not affect graduation status. Associate deans have information regarding outcomes assessment testing procedures.

All occupational courses must be passed with a minimum grade of C to meet prerequisite requirements and certificate and degree requirements.

Challenge exams are available for many Business Occupations courses. Students wishing to challenge a course should contact the associate dean in their area of study.

## HEALTH OCCUPATIONS

<http://www.tvi.cc/health>  
(505) 224-4111

The Health Occupations Department provides entry-level training and skill upgrading in a variety of medical fields as well as children, youth and family development and elementary education.

Special courses, for which a verification of completion is awarded, also are offered. At least 12 students must sign up for a special course before it can be offered, and each student must meet all prerequisites. These courses may not be offered every year. Students enrolled in these courses are not eligible to receive financial aid or Veterans Administration benefits.

Classes are held at Main, South Valley, Rio Rancho, and Montoya Campuses; students may have supervised patient practicums and observations at community agencies.

*Enrollment:* All Health Occupations programs except Nursing Assistant require a high school diploma or equivalent and completion of the TVI placement test. Most programs also have prerequisites. Health Occupations programs require that students be in good physical condition, free of health conditions that could endanger themselves or others. Students may be required to have a physical exam. Because of the widespread use of latex products, individuals who have an allergy to latex may find it difficult to successfully complete a Health Occupations program. Credit by examination (challenge) is available for selected courses. Program directors have detailed information.

*Grading Policy:* It is strongly recommended that all required courses be taken for a traditional letter grade. Most courses within Health Occupations must be taken for a traditional letter grade; the credit/no credit option may only be used for selected courses. A grade of C or better is required in all occupational courses required for graduation. All prerequisite courses require a grade of C or better.

*Handbooks:* For specific policies and procedures regarding classroom expectations, clinical experiences, learning laboratories, standards of practice and professional codes of ethics, students should consult their program's student handbook.

## INSTRUCTIONAL DEPARTMENTS

### TECHNOLOGIES

<http://tech.tvi.cc>

(505) 224-3340

The high skill, high tech careers of the 21st Century Global Economy and New Mexico's Next Generation Economy require specialized education and training for entry-level and career change employment opportunities. Also, current employees are being encouraged to seek retraining experiences that will continuously upgrade skills and competencies that help assure their competitive position and that of their employer. The Technologies Department, with industry advisory groups, outstanding faculty and state-of-the-practice laboratories, offers opportunity at all career levels.

Several programs in the Department offer concentration options so that students may specialize in areas of individual interest. The time necessary for a student to complete a verification of completion, certificate and/or associates degree varies to 24 months for the student who carries a full course load each term.

A number of Technologies programs are nationally accredited (see page 41 for a complete listing).

Technologies courses and programs may have prerequisites. Students are encouraged to consult with directors or program chairs if unclear on these stipulations.

Challenge examinations are available for some courses numbered below 200. For information concerning course transferability either to or from TVI, students are strongly encouraged to see the appropriate department director or program chair.

Students in Technologies programs are encouraged to join school clubs and student associations (also known as student groups). Clubs and organizations that are supported by the Technologies Department are the Computer Technology Student Association, Society of Manufacturing Engineers (SME); Skills USA/VICA; Phi Theta Kappa (PTK); Construction Specifications Institute (CSI); and the Student Chapter of the Associated General Contractors

(AGC). Information is available from Directors and Program Chairs.

Students working toward the degree, certificate or verification of completion must earn a grade of C or better in all Technologies Department courses to meet department graduation requirements.

## TRADES & SERVICE OCCUPATIONS

<http://www.tvi.cc/trades>

(505) 224-3711

The Trades & Service Occupations Department provides a technical learning environment dedicated to support learning that leads to positive change for individuals and communities. The department offers certificates and degrees that prepare individuals for entry-level positions, job advancement and technical skill upgrading.

Students are encouraged to participate in nationally recognized student organizations whose activities are an integral part of the curriculum.

Cooperative education allows qualified students the option to complete course work via a related wage-earning job. A written agreement with specific objectives is signed by the student, TVI and the employer.

Students must provide their own personal protective equipment (hardhat and safety glasses or goggles) and lab clothes, which are appropriate and comply with Trades & Service Occupations Department and/or Occupational Safety and Health Act (OSHA) standards. Students are trained in safety standards for their respective area.

Most programs require basic hand tools. Tool lists with approximate costs and purchase deadlines are provided by instructors at the beginning of each term.

Students working toward an associate degree or certificate must earn a grade of C or better in all occupational courses to meet graduation requirements.
