

School of Business & Information Technology

Technology Management & Training

The Technology Management and Training associate of arts degree is designed to transfer to the University of New Mexico (UNM) College of Education Organizational Learning and Instructional Technologies (OLIT) program. This program allow the student with an associate of applied science degree that contains at least 30 technical hours (exclusive of IT 1010 or its equivalent of BA 1101) to take the required credit hours of arts and sciences coursework to earn the Technology management and Training associate of arts degree at CNM. The CNM Associate of Applied Science (AAS) degree earned by a student must be within the last 10 years or the student will be required to demonstrate continued proficiency in the technical components. The credit hours earned in this degree are designed to transfer to the UNM College of Education OLIT program to earn a Bachelor of Science in Education in Technology and Training. The UNM College of Education program currently requires:

1. a 3.0 GPA in the technical discipline and
2. a C grade or better in all arts and sciences coursework.

Courses taken with the credit/no credit option, transfer credits and non-traditional credits accepted by CNM toward this degree may not be accepted by the UNM College of Education.

Students will gain:

- Transferability towards a Bachelor Degree at UNM's College of Education
- Technical skills for use in training and education
