

CNM Enterprise Web Environment Project

PLANET

Sites contained within planet include Business, Employee, Academic Affairs (Faculty), Community & Applications.

** Planet sites will be archived. There will be a process to retrieve an archived site through the ITS Helpdesk for approximately 1 year after migration is complete.

Business Sites will be identified and be required to migrate to CMS by March 1st 2008

Employee notified by News link, Express, Passport that SharePoint will replace planet by July 1st 2008. SharePoint procedures will be provided via web link

Academic Affairs (Faculty) will be notified by News link, Express, Passport that SharePoint will be available by February. Planet content migration will be complete by July 2008.

Community & Applications Sites will be identified and moved by ITS
