

<b>Course Name</b>	Algebraic Problem Solving I, Math 0930 Section 51 (formally Math 100A)
<b>CRN</b>	92018
<b>Description</b>	First of a two-course series in elementary algebra. Topics include signed numbers, solving linear equations, formulas, graphing, and applications. Course satisfies prerequisite for MATH 0940 (100B), MATH 1110 (111) and MATH 1210 (119).
<b>Prerequisites</b>	MATH 0750 (formally Math 99) or equivalent skills as demonstrated by placement exam
<b>Start and End Dates</b>	Starts: May 19 <sup>th</sup> , 2008 Ends: August 10 <sup>th</sup> , 2008
<b>Instructor Name</b>	Darryl Domonkos
<b>Phone</b>	Office: 224-5685 Voice Mail: 224-3993 ext 1114
<b>Email</b>	<a href="mailto:darryld@cnm.edu">darryld@cnm.edu</a> The instructor will be out of the office April 26 <sup>th</sup> through May 19 <sup>th</sup> . However, additional information about the class can be accessed by emailing the instructor at the above address <b>after April 26<sup>th</sup></b> or by checking the website <a href="http://planet.cnm.edu/darryld">http://planet.cnm.edu/darryld</a> .
<b>Required face-to-face meetings including but not limited to: Proctored exams, on campus presentations; orientations; midterm exams; final exams, etc.</b>	None. All parts of this class including quizzes and exams will be online. The one exception is the graphing exam which will be made available to the student electronically (by a link on the course page for downloading). The student will be expected to return the completed exam by fax.
<b>Required Texts</b>	<i>Elementary Algebra for CNM Math 100A</i> , 3 <sup>rd</sup> ed., Alan S. Tussy and R. David Gustafson, 2006  It is recommended that all Distance Learning students purchase the Student Solution Manual for this textbook.  Scientific calculator with [a b/c] (fraction) key.
<b>Software Requirements: software student must purchase for this course.</b>	Students will not have to purchase any software for this course.
<b>Recommended connection speed (Dial up, DSL, or High speed)</b>	It is highly recommended that students have DSL or cable internet access.

<b>Course Name</b>	Algebraic Problem Solving I, Math 0930 Section 51 (formally Math 100A)
<b>Additional requirements for this course</b>	Students must have an operating system equivalent to Windows 98 and web browsing software. In addition, when registering for a Blackboard account, students should click on "Check Browser" to make sure they have the appropriate versions of Java and Flash. Before the first exam, students will be required to download the free software which is necessary to complete exams.
<b>Online Information and time commitment</b>	<p>Many people wrongly assume that online classes are easier than traditional classes. The opposite is probably true. You must be highly motivated and self-disciplined to successfully complete the course. Students are expected to log on to Bb a minimum of 3 days each week. Students should expect to spend a minimum of 8 hours each week completing course requirements.</p> <p>Abilities you will need to be successful in an online course:</p> <ul style="list-style-type: none"> <li>✓ To read carefully and completely;</li> <li>✓ To follow directions;</li> <li>✓ To meet deadlines and manage your time;</li> <li>✓ To apply good computer skills.</li> </ul> <p>Check my website <a href="http://planet.cnm.edu/darryld">http://planet.cnm.edu/darryld</a> for some suggestions on How to Pass an Online Math Class.</p>
<b>Additional instructions for registered students</b>	<p>Before the course opens, students who are interested in obtaining additional course information can email the instructor, <b>after April 26<sup>th</sup></b>, at <a href="mailto:darryld@cnm.edu">darryld@cnm.edu</a> .</p> <p><b>All students</b> must log onto Blackboard (Bb) and into the course on May 19<sup>th</sup>, 2008. To access Bb, you must have a Bb username and password. If you do not have a username, go to <a href="http://elearning.cnm.edu">http://elearning.cnm.edu</a> . Create your username and password, and then add this course when it opens on May 19<sup>th</sup> .</p> <p>Once you can access the course through Bb, you are responsible for reading all information on the Course Content homepage and completing Module 1. Students who have not completed these requirements by May 25<sup>th</sup> will be dropped from the course.</p>
<b>DL Tutorials</b>	Students should go through the tutorials before class begins in May: <a href="http://www.cnm.edu/depts/dl/StudentTutorials.php">http://www.cnm.edu/depts/dl/StudentTutorials.php</a>
