

<b>Course Name</b>	Algebraic Problem Solving II, Math 0940 (formerly Math 100B) Section 53
<b>CRN</b>	92032
<b>Description</b>	The second of a two course series in elementary algebra. Topics covered include solving systems of equations, polynomials, exponents, quadratic equations, rational expressions, and applications. This course satisfies the prerequisite for Math 1310 (formerly Math 120) and ELEC 1010 (formerly ELEC 104) and is recommended for MATH 1110 (formerly Math 111)
<b>Prerequisites</b>	MATH 0930 (formerly Math 100A)
<b>Start and End Dates</b>	Starts: May 19, 2008 Ends: August 6, 2008
<b>Instructor Name</b>	Tim Allen
<b>Phone</b>	Office: 224-5687 Voice Mail: 224-3993 ext 1101 I will be out of the office April 25 <sup>th</sup> through May 18 <sup>th</sup>
<b>Email</b>	<a href="mailto:tallen@cnm.edu">tallen@cnm.edu</a> I will be out of the office April 25 <sup>th</sup> through May 18 <sup>th</sup>
<b>Required face-to-face meetings including but not limited to: Proctored exams, on campus presentations; orientations; midterm exams; final exams, etc.</b>	None
<b>Required Texts</b>	<i>Elementary Algebra for CNM Math 100B</i> , 3 <sup>rd</sup> ed., Alan S. Tussy and R. David Gustafson, 2006  It is recommended that all Distance Learning students purchase the Student Solution Manual for this textbook.  Scientific calculator with [a b/c] (fraction) key.
<b>Software Requirements: software student must purchase for this course.</b>	Students will not have to purchase any software for this course.
<b>Recommended connection speed (Dial up, DSL, or High speed)</b>	It is highly recommended that students have DSL or cable internet access.

<b>Course Name</b>	Algebraic Problem Solving II, Math 0940 (formerly Math 100B) Section 53
<b>Additional requirements for this course</b>	Students must have an operating system equivalent to Windows 98 and web browsing software. In addition, when registering for a Blackboard account, students should click on "Check Browser" to make sure they have the appropriate versions of Java and Flash. Before the first exam, students will be required to download the free software which is necessary to complete exams.
<b>Online Information and time commitment</b>	Many people wrongly assume that online classes are easier than traditional classes. The opposite is probably true. You must be highly motivated and self-disciplined to successfully complete the course. Students are expected to log on to Bb a minimum of 3 days each week. Students should expect to spend a minimum of 8 hours each week completing course requirements.
<b>Additional instructions for registered students</b>	<p><b>All students</b> must log onto Blackboard (Bb) and into the course on May 19<sup>th</sup>, 2008. To access Bb, you must have a Bb username and password. If you do not have a username, go to <a href="http://www.cnm.edu/depts/dl/index.php">http://www.cnm.edu/depts/dl/index.php</a> and select "Log in to Blackboard" and create an account. Add this course when it opens on May 19<sup>th</sup>.</p> <p>Once you can access the course through Bb, you are responsible for reading all information on the homepage and completing Module 1. Students who have not completed these requirements by May 25<sup>th</sup> will be dropped from the course.</p>
<b>DL Tutorials</b>	<a href="http://www.cnm.edu/depts/dl/index.php">http://www.cnm.edu/depts/dl/index.php</a>
