RE: REQUEST FOR BID # T-2743 “Fire Alarm Systems Testing, Inspections and Maintenance”
SUBJECT: Amendment 1 to T-2743

1. Question: Is the bid for inspecting the fire alarm system only or does it include the suppression systems and fire sprinkler systems

   ANSWER: Bid is for inspecting the fire alarm system only. It does NOT include the suppression systems or fire sprinkler systems.

2. QUESTION: The bid request also includes maintenance for the systems. Please clarify what must be included.

   ANSWER: Replacement of batteries on an as needed basis following inspections. Any faulty panels or systems found defective during inspection are to be reported, and the cost of repair submitted as outlined in the RFB. CNM will either order repairs from the inspection vendor, or issue an order to another vendor as stated in the RFB.

All other specifications, terms, and conditions remain unchanged. Bidders are required to acknowledge receipt of this Amendment in the space provided in Section E. The due date of December 15, 2008, 3PM mountain time remains unchanged.
