AMENDMENT # 1

DATE: October 5, 2009

TO: All Bidders of Record

FROM: Greg Van Wart, Buyer

SUBJECT: Amendment # 1 to T-2768 "First Floor Entrance Project – Jeanette Stromberg Building"

This amendment becomes part of the Contract Documents and modifies the original bidding documents as noted below:

1. Question: Kawneer & Stanley Only?

   Answer: The Kawneer & Stanley products are in use throughout the building. Kawneer uses dual moment corners, the welds are plug welded, the pivots are superior to others because of true bearings, and most importantly, the use back up plates.

2. Question: VCT and or Ceramic Tiles? Match existing?

   Answer: VCT is a better choice because it is currently used in the threshold of the doors. It is important to make sure that the entire opening will be the same. Match the color, material, and is level with the existing finish floor.

   Answer: A-1 Vending machines to be moved by vendor (purchasing) to match the layout shown on A-3 Keyes Note #2. CNM Facilities Office will be responsible for removal/moving of file cabinets.

4. Question: A-4 keyed notes 7. Relocate lockers department will be responsible for removal.

   Answer: Lockers will be moved by CNM Physical Plant employees.
5. **Question: Electrical: Clarification “connect to existing”**

**Answer:** Electrical to the bi-parting door and ADA openers. It should be noted that there is probably power available, however, if needed there are open breakers available. There are 3 open breakers in a electrical closet directly west of the south vestibule. CNM does not perform any electrical work to provide power, so the contractor will be responsible for pulling power for the doors operation should it be needed.

6. **Question: Clarification: Contractor may work after hours?**

**Answer:** Contractors should consider the fact that CNM has very heavy traffic through this building. Setting hours that include any time before 8am or after 5 pm are encouraged.

7. **Question: Designated Parking?**

**Answer:** No designated parking will be available in CNM lot for contractors.

8. **Due date and time has been extended to Thursday October 8, 2009 at 3:00PM**

9. **Reference attached Non-Mandatory meeting sign-in sheet.**

All other specifications, terms and conditions remain unchanged. Bidders are required to acknowledge receipt of this Amendment in the space provided on page 9, Section E.
