AMENDMENT # 3

DATE: January 25, 2011

TO: All Bidders of Record

FROM: Robert Ortega, Buyer

SUBJECT: Amendment #3 to T-2809 Fire Alarms Systems Testing, Inspection & Maintenance.

This amendment becomes part of the Contract Documents and modifies the original bidding documents as noted below:

Offerors are required to acknowledge receipt of this addendum in the space provided on Page 11, Section E.

Changes, Additions and Clarifications as follows:

1. QUESTION:
   CNM locations where lifts will be required onsite for the servicing of CNM systems & Devices. Will the vendor have a place to put them in storage so that they are safe for the night if needed the next workday?

   ANSWER: No, CNM cannot be responsible or liable for vendor’s equipment.

2. Clarification:
   Clarification for servicing periodicity in regards to annual testing on fire alarm systems and semi-annual load test on batteries.

   ANSWER:
   When a fire alarm system is using Sealed Lead Acid Batteries (type) they are required as per NFPA 72 to load test the batteries semi-annually.

   Fire alarm systems shall be tested as per NPFA 72 and applicable codes and 100% of all devices must be tested. CNM’s interpretation is annually as per NPFA 72.

3. Clarification:
   Replace Exhibit C “Estimated list of CNM Fire Alarm Devices (separate downloadable file) with the attached REVISED Exhibit C (separate downloadable file).

4. Clarification:
   Replace page 10, Section D “Response Form for BID T-2809” with the Attached REVISED Section D Response Form.

All other specifications, terms and conditions remain unchanged. Bidders are required to acknowledge receipt of this Amendment in the space provided in Section E, Page 11. The due date and time of February 11, 2011 at 3PM MST remains unchanged.
