Amendment/Addendum # 1

DATE: Wednesday, January 13, 2010
TO: All Offerors of Record
FROM: Greg Van Wart, CNM Sr. Buyer
SUBJECT: Amendment/Addendum #1 to P-288 “Waste Collection and Collection of Recyclable Material and Recycling Program”.

This addendum becomes part of the Contract Documents.

Offerors are required to acknowledge receipt of this addendum in the space provided on page 13, Section E.

Changes, Additions and Clarifications as follows:

Q: Is vendor allowed to serve all locations, or will this be limited by county?
A: Vendor can serve all locations

Q: How will glass be treated?
A: This will be treated separately because it cannot currently be recycled.

Clarification: Hazardous materials is not included as part of this RFP.

Q: Should this RFP be revised to include any future sites?
A: Yes.

Q: Please describe current methods in use.
A: CNM collects white paper, plastic, and metals. This is collected and recycled. CNM would like to co-mingle the items.

Q: How was the 14M ton estimate figured?
A: based on number of receptacles, full capacity, and number of pickups. Assume every building has one (1) dumpster. Reference Exhibit “A” 2 pages

Q: How is shredding being performed?
A: at each location. We would like to centralize this, but there is concern about security. CNM will define specific locations where centralized security bins are to be located. Per Luis, one bin per campus.

Q: Can vendor partner with a shredding firm? Can it be billed separately?
A: Yes, can partner, but cannot be billed separately.
Q: Who is responsible for the educational campaign?
A: Vendor shall help CNM develop the campaign. Vendor may be needed for one (1) day seminars, bring in recycling truck, use vendor as a reference.

Q: For the RFP, does CNM want a price for educational campaign, or just a commitment?
A: A commitment. The pick-up fees will include any additional money needed to fund the vendor’s campaign efforts. A key component should be to educate the custodians to ensure that they handle the materials correctly.

Q: Does vendor need to provide trash bins for inside the buildings, or just dumpsters?
A: Just outside dumpsters.

Q: What are the segregated items?
A: Vendor to advise which items can be co-mingled, and which items need to be separated.

Q: Does each campus have a cafeteria?
A: No, just JMMC and Main.

Q: Will this be an all or none procurement?
A: CNM intends to award only a single vendor. We want a uniform program for use at all campuses.

Q: What is the vendor’s start date?
A: Depends on when proposals have been evaluated, but will occur this year.

Q: Does CNM close in the summer?
A: No, we have a summer term. Total number of students ~28K.

Clarification: would like reporting from Jan to Jan rather than by FY (Jul-Jul)
