AMENDMENT # 2

DATE: February 8, 2012

TO: All Bidders of Record

FROM: Gil Rivera, Buyer

SUBJECT: Amendment # 2 to P-319, “Web Content Management System”

This amendment becomes part of the Contract Documents and modifies the original bidding documents as noted below:

**Bidders are required to acknowledge receipt of this Amendment in the space provided in Section E.**

1. **QUESTION:** In terms of your IT orientation, are you primarily JAVA, PHP, .net, or other?
   
   **ANSWER:** CNM’s IT orientation is language agnostic. Refer paragraph 2.1.5.1.

2. **QUESTION:** Is a dual shore or off-shore component delivery model acceptable? For example, is your IT department comfortable having the development work done by a team that is located on-site at the College, at one a location in the U.S., at offices overseas or some combination of these delivery models?

   **ANSWER:** CNM is comfortable in any situation; however, offerors shall describe full details regarding product development location in their proposal.

3. **QUESTION:** What state will the redesign be in when the scope of this project begins? That is, will we be starting from information architecture (wireframes, sitemap), visual designs (Photoshop files), completed HTML/CSS, or some other state?

   **ANSWER:** The redesign is anticipated to be complete with information architecture and into visual design.

4. **QUESTION:** Would a CMS that requires Windows Server for its authoring environment but runs the public site entirely from a Linux environment be considered?

   **ANSWER:** No.
5. QUESTION: How large is CNM's web team? That is, how many employees of CNM write or edit web content as their primary responsibility? Is this expected to change with the redesign?

ANSWER: CNM's web team includes one (1) architect, three (3) developers/designers, and two (2) dedicated content managers.

6. QUESTION: How many pages do you need to migrate?

ANSWER: Approximately five-hundred (500) to one-thousand (1,000) pages with a potential for more.

7. QUESTION: What types of documents will be migrated?

ANSWER: The proposed solution should be able to migrate all types of documents including but not limited to PHP, Static HTML, HTML/PHP Forms, Images of various type, PDFs, Microsoft Word, Excel, PowerPoint, videos, etc.

8. QUESTION: If given a preference, would you prefer a java or PHP solution/or does it make no difference?

ANSWER: No preference. Again, refer paragraph 2.1.5.1 for platform specific requirements.

Bidders are required to acknowledge receipt of this Amendment in the space provided in Section E. The due date and time of receipt at CNM’s Purchasing Department of on or before February 17, 2012, 3PM MST remains unchanged. All other specifications, terms and conditions remain unchanged. This amendment may also be downloaded from CNM’s website http://www.cnm.edu/purchasing/proposals.php.
