Project Summary

CNM is soliciting CMAR proposals to renovate the Main Campus, Smith Brasher Hall

Smith Brasher Hall is a 61,400sf two story steel frame with brick veneer classroom building constructed in 1982. The building has had several remodels and upgrades over the years including the addition of a culinary instructional kitchen on the first floor.

The building houses the School of Business & Information Technology (BIT) which includes programs such as Accounting, Business Administration and Computer Information Systems. Smith Brasher Hall currently houses computer classrooms, general classrooms, Administrative offices for BIT, open computer lab (BRC), vacated culinary spaces and a 5200sf auditorium.

The site design shall strive for user safety and provide for passive surveillance capabilities while providing for efficient and effective circulation/accessibility to the variety of functions. The project shall strive to be compatible with and improve upon the existing infrastructure, utilities/services, vehicular systems, pedestrian circulation systems, natural environment, surrounding campus, grading/drainage and adjacent Master Plan development concepts, including the newly developed Wayfinding strategies.

Though Smith Brasher Hall will be vacated during construction, it will be very important for the CMAR to work closely with the Design Professionals Fanning Bard Tatum (FBT) and CNM to develop a work plan and construction schedule that minimizes disruption and promotes safety for this portion of the campus through the duration of the project.

Organization Profile

Overview
CNM is the largest community college in the State of New Mexico providing year round instruction. CNM has an enrollment of approximately 30,000 students in both the fall and spring semesters with approximately
PART 1: STEP 1, RFQ NOTICE OF REQUEST FOR QUALIFICATIONS

15,000 students enrolled in the summer term. The current Full Time Enrollment (FTE) is approximately 20,000 students. CNM serves its students at multiple campuses and locations: Main Campus, Joseph M. Montoya (JMMC), South Valley, Westside, Workforce Training Center (WTC), Rio Rancho and Alameda Technical Center (ATC) as well as through online distance learning and hybrid instruction. CNM offers associate degrees and certificates in a variety of subject areas.

Scope of Work

This project will bring additional computer labs, classrooms and offices under BIT but currently not in Smith Brasher to Smith Brasher to create a unified School. The project will include, but is not limited to, renovation of the existing 5200sf auditorium, renovation of the existing 61,400sf building including replacement of the existing mechanical system with a new ground source heat pump, upgrade of the existing electrical service and replacement of electrical distribution throughout the building, replacement of the existing IT/special systems distribution, reconfiguration of the floor layouts to create functional classrooms, computer labs and offices, replacement of all A/V systems throughout the building, new roof, new windows and perimeter wall assemblies and an approximately 12,000sf addition creating a new building entrance and housing additional program space. Parking lots to the South and West of the building will be reconfigured to improve traffic flow, support the ground source heat pump work and address drainage issues. The project will be LEED Silver per the State Governors Mandate.

The CMAR shall actively participate as a member of the project team with CNM and the Design Professional beginning with design concept and constructability reviews and construction cost estimating at the completion of programming and will continue through the design, construction, commissioning, closeout and warranty phases of the project. The purpose of these pre-construction, construction, commissioning, closeout and warranty responsibilities is to provide the expertise necessary to ensure that the program objectives are realized, the project budget and schedule are met, the facility is fully operational when occupied, and defects detected during the Warranty Period are addressed.

The CMAR shall provide pre-construction services, including, but not limited to attending and participating in design meetings with CNM and the Design Professional; attending and participating in LEED meetings and charrettes with CNM and the Design Professional; identifying safe work practices and requirements for construction; assessing and recommending site logistics requirements; recommending phasing and sequencing of the work; construction scheduling; cost estimating; assessing alternative construction methods and products for Value Engineering and life cycle cost considerations; and, participating in CNM’s phased design and construction document reviews utilizing BIM and REVIT technology.

The CMAR shall propose a Guaranteed Maximum Price, which shall be the sum of estimated Cost of the Work, its Preconstruction Fee and its proposal for Specified General Conditions and Construction Manager at Risk fee. The CMAR shall indicate the percentage of the Guaranteed Maximum Price that it will perform with its own work forces.

The CMAR, in cooperation with CNM and the Design Professional, shall seek to develop subcontractor interest in the project, conduct pre-bid or pre-proposal meetings, advise CNM and the Design Professional about bidding or proposals, evaluate submissions by responsible bidders and Offerors and enter into subcontracts for the execution of the Work.
PART 1: STEP 1, RFQ NOTICE OF REQUEST FOR QUALIFICATIONS

The CMAR shall manage and superintend the Work.

The CMAR shall assist CNM and the Design Professional by providing the documentation required for the submittal to the US Green Building Council for a minimum of LEED Silver Certification.

The CMAR shall complete all punchlist work and project documentation and expeditiously address any issues that arise during the Warranty period.

This is a Construction Manager at Risk project, pursuant to the Educational Facility Construction Manager at Risk Act (§13-1-124.1 through 13-1-124.5 NMSA 1978).

CNM has chosen to attain a LEED® Silver certification or higher for this project within the available funding and standards. The selection committee will reject the proposal of any respondent who is not a responsible respondent or fails to submit a responsive offer, as defined in § 13-1-83 and 13-1-85 NMSA 1978.

49. PUBLIC INFORMATION. All information, except that marked as confidential, will become public information at the time that the Contract for Construction Manager at Risk is awarded. These records shall be subject to inspection by CNM, its representatives, and the State Auditor. CNM, its representatives, and the State Auditor shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of CNM to recover excessive and/or illegal payments. CNM, its representatives and the State Auditor shall have access to and the right to examine and/or audit any directly pertinent records, books, documents and papers of the successful Offeror involving transactions related to any Contract entered into as a result of this RFQ for a period of three (3) years after final payment.

51. REFERENCES. Vendor shall furnish the minimum number of reference requested herein. Failure to submit the information may result in your proposal being considered non-responsive. Vendor, by furnishing these references, agrees to allow CNM to contact any person or organization listed, and to utilize information obtained in the evaluation of the offer.

52. RELEASES. Upon final payment of the amount due under the terms of the resultant Contract, the successful vendor shall release CNM, its Governing Board, officers and employees from all liabilities, claims and obligations arising from or under the terms of the resultant agreement. The successful vendor agrees not to purport to bind CNM to any obligation not assumed herein by CNM unless CNM has expressly authorized the successful vendor to do so and then only within the strict limits of that authority.

53. REPORTS AND INFORMATION. At such times and in such forms as CNM may require, there shall be furnished to CNM such statements, records, reports, data and information, as CNM may request pertaining to matters covered by all resultant agreements to this Request for Qualifications.

54. RESPONSIBLE OFFEROR.

The Vendor and all Vendor’s employees and subcontractor’s and subcontractor’s employees utilized on the work to be performed under this Request for Qualifications must have the proper certification(s) and license(s) to comply with all Federal, State and local requirements connected to this RFQ. The Vendor shall use only fully qualified and approved service technicians to perform inspections and services under this Proposal.
   b. CNM reserves the right to conduct any investigations deemed necessary to determine the responsibility of a vendor (i.e., prove that its financial resources, production or service facilities, personnel, service reputation and experience are adequate to make satisfactory delivery of the services, construction or items of tangible personal property described in the Request for Qualifications). Vendor shall provide audited financial statements if requested by CNM.
   c. OFFEROR’S QUALIFICATION STATEMENT. Offeror to whom award of a Contract is under consideration shall submit, upon request, information and data to prove that their financial resources, production or service facilities, personnel, and service reputation and experience are adequate to make satisfactory delivery of the services described in the Request for Qualifications. SECTION B: RFQ STANDARD PROPOSAL TERMS AND CONDITIONS

d. If an Offeror who otherwise would have been awarded a contract is found not to be a responsible Offeror; a Determination that the Offeror is not a responsible Offeror, setting forth the basis of the finding, shall be prepared by the CNM Buyer. The unreasonable failure of the Offeror to promptly supply information in connection with an inquiry with respect to responsibility is grounds for a determination that the Offeror is not a responsible Offeror. Vendors, which have not been selected, shall be so notified in writing within twenty-one days after an award is made through a posting to the CNM website.

55. RESPONSIVENESS OF STATEMENTS OF QUALIFICATIONS. Vendors are hereby expressly instructed that all statements of qualifications in response to this solicitation shall meet all specifications and requirements of this solicitation.

56. SCHEDULE DELAYS. If after award the Vendor becomes aware of possible problems that could result in delay in completion of the work on the agreed-to schedule, the Vendor must immediately notify the Buyer or the designated representative. The initial notification of the delay may be verbal within twenty-one days after an award is made through a posting to the CNM website.

57. SEVERABILITY. If any provision of the resultant agreement is found invalid or unenforceable, the remainder of the resultant price agreement will be enforced to the maximum extent permissible and the legality and enforceability of the other provisions of the resultant agreement will not be affected.

58. SIGNATURE. The response must be signed by an authorized representative in order for the Statement of Qualifications to be considered responsive. Complete and return the form labeled “Signature of Firm’s Authorized Representative” with the SOQ.

59. SITE FAMILIARITY. The Vendor shall be responsible for thoroughly inspecting the site and work to be done prior to submitting an offer. The Vendor warrants that he/she has had the opportunity to inspect the site and work to be done and that his/her offer includes all costs required to complete the work. The failure of the Vendor to be fully informed regarding the requirements of this RFQ will not constitute grounds for any claim, demand for adjustment or the withdrawal of a bid after the opening.

60. SITE INSPECTION. The site(s) referenced in this document are available for inspection. Arrangements can be made by calling the contact for Technical Clarification shown on the cover page. Note, bidders shall not consider any comments made by employees of CNM to be modifications to the bid specifications unless distributed as a written amendment to this bid by CNM’s Purchasing Department. All requests for clarification must be submitted in writing to CNM’s Purchasing Department to receive consideration. Such requests must be submitted no later than five (5) days prior to the bid due date.

61. STATE AND LOCAL ORDINANCES. The successful vendor shall perform work under the resultant Contract strict accordance with the latest version of all State and local codes, ordinances, and regulations governing the work involved. All materials and labor necessary to comply with the rules, regulations and ordinances shall be provided by the vendor. Where the drawings and or specifications indicate materials or construction in excess of the code requirements, the drawings and or specifications shall govern. The vendor shall be responsible for the final execution of the work to meet these requirements. In the event of a conflict between various codes and standards, the more stringent shall apply.

62. STATUS OF VENDOR. The successful vendor is an independent contractor performing services for CNM and neither he/she nor his/her agents or employees shall, as a result of the resultant agreement, accrue leave, retirement, insurance, bonding authority, use of CNM vehicles, or any other benefits, prerequisites or allowances normally afforded only to employees of CNM. The successful vendor acknowledges that all sums received under the resultant agreement are personally reportable by him/her/her for income, self-employment and other applicable taxes.

63. SUBCONTRACTORS. Any work subcontracted by the successful vendor shall require the prior written approval of the subcontractor by CNM.
   a. DEFINITIONS. A Subcontractor is a person or entity who has a direct contract with the Vendor to perform a portion of the Work at the site. The term “Subcontractor” is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term “Subcontractor” does not include a separate contractor or subcontractors of a separate contractor.
   b. A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term “Sub-subcontractor” is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.
   c. AWARD OF SUBCONTRACTORS. All awards of subcontracts shall be in accordance with the New Mexico Subcontractors Fair Practices Act as applicable.
SECTION B : RFQ STANDARD PROPOSAL TERMS AND CONDITIONS

64. **SUBCONTRACTUAL RELATIONS.** By appropriate agreement, written where legally required for validity, the Vendor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Vendor by terms of the Contract Documents, and to assume toward the Vendor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor’s Work, which the Vendor, by these Documents, assumes toward CNM. Each subcontract agreement shall preserve and protect the rights of CNM under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies and redress against the Vendor that the Vendor, by the Contract Documents, has against CNM. Where appropriate, the Vendor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Vendor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement which may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

65. **SUBMISSIONS OF SAMPLES/DRAWINGS / LITERATURE.** It may be necessary to test samples or have demonstrations to make an award. All samples, when required, shall be furnished free of expense to CNM. Returns shall only be made at the Bidder’s request and expense. Bid samples or descriptive literature should not be submitted unless expressly requested; and, regardless of any attempt by a bidder to condition the bid, unsolicited bid samples or descriptive literature shall be submitted at the Bidder’s risk.

   d. In submitting a Statement of Qualifications in response to this Request for Qualifications, the Offeror represents that the Offeror is familiarized with the nature and extent of the Request for Qualifications dealing with federal, state, and local requirements which are part of the Request for Qualifications. All materials and labor necessary to comply with the rules, regulations and ordinances shall be provided by the Vendor. The response must be signed by an authorized representative in order for the Statement of Qualifications to be considered responsive. Complete and return the form labeled, SECTION E: “Signature of Firm’s Authorized Representative” with proposal response.

68. **TAXES.** CNM is exempt from Federal excise taxes and from New Mexico gross receipts taxes on materials, except construction materials used by a contractor. Services are not exempt from gross receipts taxes. Taxes, if any, on services must be included as a separate line item and not included in your base price proposed. Applicable taxes are excluded from the evaluation of the proposal.

69. **REBATES.** Vendor is required to participate and work with any utility company to assist CNM in obtaining any and all available rebates that may result from the Work under the RFQ.

70. **TECHNICALITIES.** CNM reserves the right to waive minor irregularities. Also CNM reserves the right to waive mandatory requirements provided that all of the otherwise responsive statements of qualifications failed to meet the mandatory requirements and/or doing so does not otherwise materially affect the procurement. This right is at the sole discretion of CNM.

71. **ELECTRONIC/FACSIMILE SUBMITTALS.** Electronic / Facsimile proposal submittals will not be considered. However, statements of qualifications may be modified by electronic/facsimile notice, provided that the notice is received by the time and date specified for the closing.

75. WARRANTIES: Seller warrants the goods and/or services furnished to be exactly as specified in this Purchase Order, free from defects in Seller’s design, labor, materials and manufacture, and to be in compliance with any drawings or specifications incorporated herein and with any samples furnished by Seller. All applicable UCC warranties express and implied are incorporated herein.

76. WORKERS COMPENSATION: No workers compensation insurance has been or will be obtained by CNM on account of Seller or its employees or agents. Seller shall comply with the workers compensation laws with respect to Seller and Seller’s employees and agents.

77. WORKMANSHIP/COOPERATION: All work shall be done in a neat, workman-like manner using acceptable equipment and methods. The Seller will cooperate with CNM and other contractors and coordinate their work involving other contractors through CNM’s authorized representative.

78. REQUIREMENTS FOR CRIMINAL BACKGROUND AND SEX OFFENDER CHECKS: With respect to all persons employed or contracted by Contractor to perform services under this Agreement (including subcontractors), the Contractor warrants that pre-employment or pre-contracting criminal background and sex offender registry checks are conducted, at its own expense, on all personnel directly performing services under this Agreement (which shall include but not be limited to, all such persons who shall come on to the premises of Owner in the performance of their duties or tasks). The Contractor will be responsible for insuring that federal, state and county of residence criminal and sex offender background checks are conducted on all personnel so employed or contracted and shall exclude from any direct participation in the performance of the services any dishonest, unreasonably dangerous or otherwise unqualified persons. The criminal background and sex offender checks must demonstrate that workers have no convictions or pending criminal charges that would render any worker unsuitable for regular contact with minors. Disqualifying convictions or charges include, but are not limited to, sexual offenses, violent offenses, and drug offenses. The Contractor will abide by all applicable laws, rules, regulations and/or any equal opportunity laws, rules, regulations or ordinances. The Contractor agrees to defend, indemnify and hold harmless the Owner, its officers, directors and employees for any claims, suits or proceedings alleging a breach of this warranty.

79. EMPLOYEES PERFORMANCE AND CONDUCT: The Contractor certifies that its employees and the employees of its subcontractors will be instructed to be professional and courteous in all of their dealings with the Owner and its faculty, staff, and/or students, as well as any other customers, contractors or individuals with whom the Contractor, including its subcontractors, comes in contact as a result of this Agreement or in the course of providing goods or services hereunder. If the Owner, in its sole discretion, reasonably believes that an employee, agent or subcontractor of the Contractor assigned to provide goods or services to the Owner pursuant to this Agreement has engaged in conduct inconsistent with the requirements of this paragraph, then the Owner may so notify the Contractor and the Contractor shall promptly reassign said employee, agent or subcontractor so that they will no longer provide goods or services pursuant to this Agreement. The requirements of this paragraph shall also apply to all subcontractors and subcontractors’ employees brought in by the Contractor to provide goods or services under this Agreement.

The TERMS “must, shall, will, is required, or are required” identify a mandatory item or factor. Failure to comply with such an item or factor may result in the rejection of the respondent’s proposal.

The TERMS “can, may, should, preferably, or prefers” identify a desirable or discretionary item or factor.

GRAMM-LEACH-BLILEY ACT
Pursuant to the Gramm-Leach-Bliley Act and the regulations set forth at 16 CFR Part 314, the Central New Mexico Community College (“College”) requires its Service Providers to implement and maintain appropriate safeguards for the protection of Customer Information. Accordingly, the Service Provider shall implement and maintain a comprehensive information security program that contains administrative, technical and physical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of confidential Customer Information that it creates, receives, maintains, or transmits on behalf of CNM. In addition, the Service Provider will require and ensure that any of its agents, subcontractors, or sub-consultants, to which it provides confidential Customer Information of CNM, implements appropriate security measures to protect confidential Customer Information of CNM.
SECTION B: RFQ STANDARD PROPOSAL TERMS AND CONDITIONS

Service Provider shall not use or disclose covered data and information received from or created on behalf of CNM except as permitted or required by this Agreement, as required by law, or as otherwise authorized in writing by CNM. Upon becoming aware of a security breach in which College Customer Information is used or disclosed in a manner not authorized or covered by this Agreement, including any reasonable belief that an unauthorized individual has accessed a database containing covered data and information, or in violation of any applicable state or federal laws, Service Provider will report to CNM any security incident immediately upon being aware of such a breach and take such corrective steps/action to remedy the breach as requested by CNM and required by law.

Upon termination, cancellation, expiration or other conclusion of this Contract, Service Provider shall return to CNM covered Customer Information and data unless CNM requests in writing that such Customer Information and data be destroyed. Service Provider shall complete such return or destruction not less than 30 days after the conclusion of this Contract. Within such 30 day period, Service Provider shall certify in writing to CNM that such return or destruction has been completed. To the extent return or destruction is not feasible; this Agreement shall remain in full force and effect.

Service Provider means any person or entity that receives, maintains, processes, or otherwise is permitted access to Customer Information through its direct provision of services to a financial institution. The Gramm-Leach-Bliley Act broadly defines “financial institution” as any institution engaging in the financial activities enumerated under the Bank Holding Company Act of 1956, including “making, acquiring, brokering, or servicing loans” and “collection agency services”. Because higher education institutions participate in financial activities, such as processing student financial aid and student loans, FTC regulations consider them financial institutions for purposes of the Gramm-Leach-Bliley Act.

Customer Information means any record containing nonpublic information as defined in 16 CFR 313.3(n), about a customer of a Financial Institution, whether in paper, electronic or other form that CNM has obtained from a customer in the process of offering a financial product or service including offering student aid and loans to students as defined in 12 CFR 225.28. Any and all Customer Information provided by CNM to the Service Provider or which the Service Provider acquires through its own efforts in rendering or providing any goods or services under this Agreement, shall be considered confidential and held in strict confidence and shall only be released to the Service Provider’s own personnel, agents, subcontractors and sub-consultants only to the extent necessary to provide or perform the goods and/or services required by this Agreement. Such information shall not be released by the Service Provider to any other person or organization without the prior written consent and approval of CNM.
SECTION C: GENERAL TERMS AND CONDITIONS

1. Inspection and Audit.
   a. CNM may inspect, at any reasonable time, any part of Seller's plant or place of business which is related to performance of this Purchase Order. Acceptance of delivery shall not be considered acceptance of the materials, supplies or services furnished. Final inspection of product and services will be made at the destination. Any testing or inspection procedures required by the specification are in addition to CNM's rights under this paragraph.
   b. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. Contractor shall maintain detailed records of all materials or supplies delivered to CNM under this Purchase Order, including serial numbers and other appropriate identifiers. These records shall be subject to internal and external audit. CNM shall have the right to audit billings both before and after payment. Payment under the resultant Agreement shall not preclude CNM from recovering excessive, erroneous or illegal payments previously made to the Contractor.

2. Warranties. Seller warrants the materials, supplies or services furnished to be exactly as specified in this order, free from defects in Seller's design, labor, materials and manufacture, and to be in compliance with any drawings or specifications incorporated herein and with any samples furnished by Seller. All applicable UCC warranties, expressed and implied, are incorporated herein.

3. Acceptance and Rejection. If prior to final acceptance, any materials, supplies or service are found to be defective or not as specified, or, if CNM is entitled to revoke acceptance of them, CNM may reject or revoke acceptance, require Seller to correct without charge within a reasonable time, or require delivery at an equitable reduction in price at CNM's option. Seller shall reimburse CNM for all incidental and consequential costs related to unaccepted materials, supplies or service. Notwithstanding final acceptance and payment, Seller shall be liable for latent defects, fraud, or such gross mistakes as amount to fraud. Acceptance of performance shall not waive CNM's right to claim damages for breach.

4. Assignment. This order is assignable by CNM. Except as to any payment due hereunder, this order is not assignable by Seller without written approval of CNM.

5. Changes. CNM may make changes within the general scope of this order by giving notice to Seller and subsequently confirming such changes in writing. If such changes affect the cost of, or the time required for performance of this order, an appropriate equitable adjustment shall be made. No change by Seller shall be recognized without written approval of CNM. Any claim of Seller for an adjustment under this paragraph must be made in writing within thirty (30) days from the date of receipt of Seller of notification of such change, unless CNM waives this condition. Nothing in this paragraph shall excuse Seller from proceeding with performance of the order as changed hereunder.

6. Termination and Delays. See the General Conditions of the Contract for Construction Manager at Risk.

7. Affirmative Action. Seller shall not discriminate with regard to hiring, termination or other incidents of employment on the basis of race, sex, national origin, religion, age or handicap. Seller agrees to: a) adhere to the principles set forth in Executive Order 11246 and 11375, and to undertake specifically to maintain employment policies and practices that affirmatively promote equality of opportunity for handicapped persons, minority group persons and women; b) take affirmative steps to hire and promote women and minority group persons at all job levels and in all aspects of employment; c) communicate this policy in both English and Spanish to all persons concerned within the company, with outside recruiting services and the minority community at large; d) provide CNM with a breakdown of labor force by ethnic group, sex, and job category; and e) discuss with CNM its policies and practices relating to its affirmative action program.

8. Indemnification and Insurance. Seller assumes the entire responsibility and liability for losses, expenses, damages, demands and claims in connection with or arising out of any actual or alleged personal injury (including death) and/or damage or destruction to property sustained or alleged to have been sustained in connection with or arising out of the performance of the work by Seller, its agents, employees, subcontractors or consultants, except to the extent of liability arising out of the negligent performance of the work by or willful misconduct of CNM. In any event, CNM's liability shall be subject to the limitations of the New Mexico Tort Claims Act. Seller shall indemnify and hold harmless CNM, its officers, agents, and employees from any and all liability for such losses, expenses, damages, demands, and claims and shall defend any suit or action brought against any or all of them based on any actual or alleged personal injury or damage and shall pay any damage costs and expenses including attorney’s fees, in connection with or resulting from such suit or action.

Seller agrees that it and its subcontractors will maintain public liability and property damage insurance in reasonable amounts covering the above obligation and will maintain workers' compensation coverage covering all employees performing this order.

9. Patent and Copyright Indemnity. Seller shall pay all royalty and license fees relating to deliverables and other items covered hereby. In the event any third party shall claim that the reproduction, manufacture, use, or sale of goods or items covered hereby infringes any copyright, trademark, patent, or other intellectual property rights, Seller shall indemnify and hold CNM harmless from any cost, expense, damage, or loss resulting therefrom.

10. Discounts. Any discount time will not begin until the materials, supplies, or services have been received and accepted and
SECTION C: GENERAL TERMS AND CONDITIONS

correct invoice received by CNM's Purchasing Department. In the event testing is required, the discount time shall begin upon the completion of the tests.

11. Penalties. The Procurement Code, Section 13-1-28 et seq., imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

12. Title and Delivery. Title to the materials and supplies passed hereunder shall pass to CNM at the F.O.B. point specified subject to the right of CNM to reject upon inspection. For any exception to the delivery date specified, Seller shall give prior notification and obtain approval from CNM's Purchasing Department. Time is of the essence and the order is subject to termination for failure to deliver on time.

13. Payment Charges. Late payment charges shall be paid in the amount and under the conditions stated in Section 13-1-158, NMSA 1978.

14. Other Applicable Laws. Any provision required to be included in a contract of this type by any applicable and valid Executive order, federal, state or local law, ordinance, rule or regulation shall be deemed to be incorporated herein.

15. OSHA Regulations. The contractor shall abide by Federal Occupational Safety and Health Administration (OSHA) regulations and the State of New Mexico Environmental Improvement Board occupational health and safety regulations that apply to the work performed under this Invitation. ALL PRODUCTS CONTAINING HAZARDOUS SUBSTANCES MUST BE PROPERLY LABELED AND ACCOMPANYED BY MATERIAL SAFETY DATA SHEETS. The contractor shall defend, indemnify and hold CNM free and harmless against any and all claims, loss, liability and expense resulting from any alleged violations of said regulations including but not limited to fines, penalties, judgments, court costs and attorney fees.

16. Debarment/Suspension. In performing the services and/or furnishing the goods specified within this purchase order, the vendor/contractor certifies that it is not suspended, debarred or declared ineligible from entering into contracts with the Executive Branch of the Federal Government, any State agency or local public body; nor is in receipt of a notice of proposed debarment or suspension from the Executive Branch of the federal Government, any State agency or local public body.

17. Applicable Law. Each party acknowledges that the New Mexico Procurement Code, NMSA 1978 13-1-28 through -199, as amended, applies to every CNM purchase or contract agreement of tangible personal property, services and construction, including participation made pursuant to this purchase order. Further, each party acknowledges that it will be responsible for claims or damages arising from personal injury or damage to persons or property to the extent they result from negligence of its employees or agents and that the liability of CNM shall be subject in all cases to the immunities and limitation of the New Mexico Tort Claims Act, NMSA 1978 41-4-1 through -27, as amended.
