Current AQIP Action Projects
November 2006

Current AQIP Action Project	Results
Enrollment Management	<ul style="list-style-type: none"> • Developed process diagrams for each process in the enrollment system • Created an Enrollment Management Strategic Plan in summer 2004 • Spawned three specific teams that continue to work on this issue: Graduation Team, Retention Team, and Orientation and Recruitment Office • Charged numerous teams with implementing the plan, for example, the Retention Team and the Graduation Team. Those two teams emerged from the Enrollment Management Action Project Team • Two teams combined with the Achieving the Dream Project: the Retention Team and Graduation Team • The Enrollment Management Team (EMT) meets to provide oversight to the teams that have emerged (Retention and Graduation) and to the Enrollment Management Plan
