

INTERNATIONAL STUDENT CERTIFICATION OF FINANCES

2018-19

The purpose of the Certification of Finances is to help CNM obtain complete and accurate information about the funds available to international applicants who want to study in the United States. Strict government regulations have made verifying the financial resources of international applicants essential. CNM does not have the option of deciding whether to verify the financial resources of their international applicants; financial verification must be made prior to CNM's issuance of a **Form I-20**. This certification will also help government officials make decisions and expedite visa issuance.
