[1.4.1.21 NMAC - Rp, 1.4.1.21 NMAC, 08-30-13]

1.4.1.22 BID OPENING:

A. Receipt. Upon its receipt, each bid and modification shall be time-stamped but not opened and shall be stored in a secure place until the time and date set for bid opening.

B. No bids received. Except as provided in 1.4.1.68 through 1.4.1.72 NMAC of this rule, if no bids are received or if all bids received are rejected in accordance with the provisions of 1.4.1.68 through 1.4.1.72 NMAC of this rule, a new IFB shall be issued. If upon re-bidding with no change in specifications from the first IFB, the bids received are unacceptable, or if no bids are secured, the state purchasing agent may purchase (i.e., as opposed to procure) the items of tangible personal property, construction or services in the open market at the best obtainable price.

C. Opening and recording. Bids and modifications shall be opened publicly in the presence of one or more witnesses at the time and place designated in the IFB. [1.4.1.22 NMAC - Rp, 1.4.1.22 NMAC, 08-30-13]

1.4.1.23 MISTAKES IN BIDS:

A. Consideration for award. Bids shall be unconditionally accepted for consideration for award without alteration or correction, except as authorized in 1.4.1.14 through 1.4.1.28 NMAC of this rule.

B. General principles. Correction or withdrawal of a bid because of an inadvertent, nonjudgmental mistake in the bid requires careful consideration to protect the integrity of the competitive bidding system, and to assure fairness. If the mistake is attributable to an error in judgment, the bid may not be corrected. Bid correction or withdrawal by reason of a nonjudgmental mistake is permissible but only to the extent authorized in 1.4.1.14 through 1.4.1.28 NMAC of this rule.

C. Mistakes discovered before opening. A bidder may correct mistakes discovered before bid opening by withdrawing or correcting the bid as provided in 1.4.1.20 NMAC of this rule.

D. Confirmation of bid. When the procurement officer knows or has reason to conclude that a mistake has been made in the low bid, the procurement officer should request the low bidder to confirm the bid. Situations in which confirmation should be requested include obvious, apparent errors on the face of the low bid or a bid unreasonably lower than the other bids submitted. If the low bidder alleges mistake, the bid may be corrected or withdrawn if the conditions set forth in Subsection E of this section are met.

E. Mistakes discovered after opening. This subsection sets forth procedures to be applied in three situations in which mistakes in bids are discovered after the time and date set for bid opening.

(1) Technical irregularities. Technical irregularities are matters of form rather than substance evident from the bid document, or insignificant mistakes that can be waived or corrected without prejudice to other bidders; that is, when there is no effect on price, quality or quantity. The procurement officer may waive such irregularities or allow the low bidder to correct them if either is in the best interest of the state. Examples include the failure of the low bidder to:

- (a) return the number of signed bids required by the IFB;
- (b) sign the bid, but only if the unsigned bid is accompanied by other material indicating the low bidder's intent to be bound; or
- (c) acknowledge receipt of an amendment to the IFB, but only if:
 - (i) it is clear from the bid that the low bidder received the amendment and intended to be bound by its terms; or
 - (ii) the amendment involved had no effect on price, quality or quantity.

(2) Mistakes where intended correct bid is evident. If the mistake and the intended correct bid are clearly evident on the face of a bid document, the bid shall be corrected to the intended correct bid and may not be withdrawn. Examples of mistakes that may be clearly evident on the face of a bid document are typographical errors, errors in extending unit prices, transposition errors, and arithmetical errors. It is emphasized that mistakes in unit prices cannot be corrected.

(3) Mistakes where intended correct bid is not evident. A low bidder alleging a material mistake of fact which makes the bid non-responsive may be permitted to withdraw the bid if:

- (a) a mistake is clearly evident on the face of the bid document but the intended correct bid is not; or
- (b) the low bidder submits evidence which clearly and convincingly demonstrates that a mistake was made.

(4) Written determination. When a bid is corrected or withdrawn, or a correction or withdrawal is denied, the procurement officer shall prepare a written determination showing that the relief was granted or denied in accordance with this section.

[1.4.1.23 NMAC - Rp, 1.4.1.23 NMAC, 08-30-13]

1.4.1.24 BID EVALUATION AND AWARD:

A. General. A contract solicited by competitive sealed bids shall be awarded with reasonable promptness by written notice to the lowest responsible bidder. The IFB shall set forth the requirements and criteria that will be used to determine the lowest responsive bid. No bid shall be evaluated for any requirement or criterion that is not disclosed in the IFB. Contracts solicited by competitive sealed bids shall require that the bid amount exclude the applicable state gross receipts tax or local option tax but that the contracting agency shall be required to pay the tax including any increase in the tax becoming effective after the contract is entered into. The tax shall be shown as a separate amount on each billing or request for payment made under the contract.

B. Product acceptability. The IFB shall set forth all evaluation criteria to be used in determining product acceptability. It may require the submission of bid samples, descriptive literature, technical data, or other material. It may also provide for accomplishing any or all of the following prior to award:

- (1) inspection or testing of a product for such characteristics as quality or workmanship;
- (2) examination of such elements as appearance, finish, taste or feel; or
- (3) other examinations to determine whether it conforms with other purchase description

requirements.

C. Purpose of acceptability evaluation. An acceptability evaluation is not conducted for the purpose of determining whether one bidder's item is superior to another's but only to determine that a bidder's offering is acceptable as set forth in the IFB. Any bidder's offering which does not meet the acceptability requirements shall be rejected as non-responsive.

D. Brand-name or equal specification. Where a brand-name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance and characteristics desired and is not intended to limit or restrict competition. When bidding an "or equal" the burden of persuasion is on the supplier or manufacturer who has not been specified to convince the procurement officer that their product is, in fact, equal to the one specified. The procurement officer is given the responsibility and judgement for making a final determination on whether a proposed substitution is an "or equal".

E. Determination of lowest bidder. Following determination of product acceptability as set forth in Subsections B, C and D of this section, if any is required, bids will be evaluated to determine which bidder offers the lowest cost to the state in accordance with the evaluation criteria set forth in the IFB. Only objectively measurable criteria that are set forth in the IFB shall be applied in determining the lowest bidder. Examples of such criteria include, but are not limited to, discounts, transportation costs and ownership or life-cycle formulas. Evaluation factors need not be precise predictors of actual future costs, but to the extent possible the evaluation factors shall be reasonable estimates based upon information the state has available concerning future use.

(1) Prompt payment discounts. Prompt payment discounts shall not be considered in computing the low bid. Such discounts may be considered after award of the contract.

(2) Trade discounts. Trade discounts shall be considered in computing the low bid. Such discounts may be shown separately, but must be deducted by the bidder in calculating the unit price quoted.

(3) Quantity discounts. Quantity discounts shall be included in the price of an item. Such discounts may not be considered where set out separately unless the IFB so specifies.

(4) Transportation costs. Transportation costs shall be considered in computing the low bid. Such costs may be computed into the bid price or be listed as a separate item.

(5) Total or life-cycle costs. Award may be determined by total or life-cycle costing if so indicated in the IFB. Life-cycle cost evaluation may take into account operative, maintenance, and money costs, other costs of ownership and usage and resale or residual value, in addition to acquisition price, in determining the lowest bid cost over the period the item will be used.

(6) Energy efficiency. Award may be determined by an evaluation consisting of acquisition price plus the cost of energy consumed over a projected period of use.

F. Restrictions. Nothing in 1.4.1.24 NMAC of this rule shall be deemed to permit contract award to a bidder submitting a higher quality item than designated in the IFB unless the bidder is also the lowest bidder as determined under Subsection E of this section. Further, except as provided in this subsection, 1.4.1.24 NMAC of this rule does not permit negotiations with any bidder. If the lowest responsive bid has otherwise qualified, and if there is no change in the original terms and conditions, the lowest responsible bidder may negotiate with the purchaser (i.e., this exception applies only to purchases and does not apply to procurements generally) for a lower total bid to avoid rejection of all bids for the reason that the lowest bid was up to 10 percent higher than budgeted

project funds. Such negotiation shall not be allowed if the lowest bid was more than ten percent over budgeted project funds.

G. Documentation of award. Following award, a record showing the basis for determining the successful bidder shall be made a part of the procurement file. Award in this context means the final required state agency signature on the contract(s) resulting from the procurement.

H. Publicizing awards. Written notice of award shall be sent to the successful bidder. Notice of award shall also be posted at the state purchasing agent's office.

[1.4.1.24 NMAC - Rn 1.4.1.24 NMAC, 08-30-13]

1.4.1.25 STATUTORY PREFERENCES: Statutory preferences to be applied in determining low bidder or low offeror. New Mexico law provides certain statutory preferences to resident businesses, resident veteran businesses, resident contractors and resident veteran contractors as well as for recycled content goods (13-1-21 and 13-1-22 NMSA 1978). These preferences must be applied in regard to invitations for bids and requests for proposals in accordance with statute in determining the lowest bidder or offeror.

[1.4.1.25 NMAC - Rp, 1.4.1.25 NMAC, 08-30-13]

1.4.1.26 IDENTICAL LOW BIDS:

A. Definition. Identical low bids are low responsive bids, from responsible bidders, which are identical in price after the application of the preferences referred to in 1.4.1.25 NMAC of this rule and which meet all the requirements and criteria set forth in the IFB.

B. Award. When two or more identical low bids are received, the state purchasing agent may:

(1) award pursuant to the multiple source award provisions of 13-1-153 and 13-1-154 NMSA 1978;

(2) award to a resident business or a resident veteran business or a resident contractor or a resident veteran contractor if the identical low bids are submitted by a resident business or a resident veteran business or a resident contractor or a resident veteran contractor and a nonresident business or nonresident contractor;

(3) award to a bidder offering recycled content goods if the identical low bids are for recycled content goods and virgin goods;

(4) award by lottery to one of the identical low bidders; or

(5) reject all bids and re-solicit bids or proposals for the required services, construction or items of tangible personal property.

[1.4.1.26 NMAC - Rp, 1.4.1.26 NMAC, 08-30-13]

1.4.1.27 MULTI-STEP SEALED BIDS:

A. General. Multi-step bidding is a variant of the competitive sealed bidding method. This method may be utilized when the state purchasing agent or a central purchasing office makes a determination that it is impractical initially to prepare specifications to support an award based on price, or that specifications are inadequate or are too general to permit full and free competition without technical evaluation and discussion.

B. Phased process. Multi-step bidding is a phased process which combines elements of both the competitive sealed proposal method, seeking necessary information or unpriced technical offers in the initial phase; and regular competitive sealed bidding, inviting bidders who submitted technically acceptable offers in the initial phase, to submit competitive sealed price bids on the technical offers in the final phase. The contract shall be awarded to the lowest responsible bidder. If time is a factor, the state purchasing agent or a central purchasing office may require offerors to submit a separate sealed bid during the initial phase to be opened after the technical evaluation.

C. Public notice. Whenever multi-step sealed bids are used, public notice for the first phase shall be given in accordance with 1.4.1.17 NMAC of this rule. Public notice is not required for the second phase.

1.4.1.28 PAYMENTS FOR PURCHASES: Contract clause. All contracts resulting from an invitation for bids shall contain a clause allowing for late payment charges against the state agency in the amount and under the conditions set forth in 13-1-158 NMSA 1978.

1.4.1.29 APPLICATION (COMPETITIVE SEALED PROPOSALS; 1.4.1.29-1.4.1.47 NMAC):

A. General. Except as provided in Subsections B and C of this section, the provisions of 1.4.1.29 through 1.4.1.47 NMAC of this rule apply to every procurement made by competitive sealed proposals.

B. Architects, engineers, landscape architects and surveyors. The provisions of 1.4.1.29 through 1.4.1.47 NMAC of this rule do not apply to the procurement of professional services of architects, engineers, landscape architects and surveyors for state public works projects or local public works projects. Except that when procuring such professional services for state public works projects or local public works projects state agencies and local public bodies shall comply with 13-1-120 through 13-1-124 NMSA 1978, competitive sealed qualifications-based proposals.

C. Procurement of professional services by state agencies with rulemaking authority. A state agency with rule making authority may adopt its own regulations for the procurement of professional services by competitive sealed proposals under the following conditions:

(1) the state agency must receive prior written authorization from the GSD secretary;

(2) the state agency's proposed regulations must provide that RFPs or notices thereof having a value exceeding sixty thousand dollars (\$60,000) will be provided to the state purchasing agent for distribution to prospective offerors who have registered with the state purchasing agent's office in accordance with the terms of Subsection B of 1.4.1.17 NMAC and Subsection A of 1.4.1.32 NMAC of this rule.

D. "Professional services" are defined in 13-1-76 NMSA 1978. The section of statute acknowledges the difficulty of any attempt made to recognize and list each and every service that could conceivably fall within the definition of "professional services". Instead, the statute provides in relevant part that "...other persons or businesses providing similar professional services to those listed may be designated as such by a determination issued by the state purchasing agent or a central purchasing office." In instances where "...other persons or businesses providing similar professional services...", as cited in 13-1-76, NMSA 1978, is not clearly defined, state agencies shall submit a written request to the state purchasing agent for issuance of a determination and a finding that the service is to be designated as a professional service. State agencies shall not make such a determination independent of the state purchasing agent.

[1.4.1.29 NMAC - Rp, 1.4.1.29 NMAC, 08-30-13]

1.4.1.30 GENERAL DISCUSSION:

A. Use of competitive sealed proposals. When a state agency procures professional services that are not related to a design and build project delivery system in accordance with 13-1-119.1 NMSA 1978, or when the state purchasing agent or a designee makes a determination that the use of competitive sealed bids is either not practicable or not advantageous to the state, a procurement shall be effected by competitive sealed proposals. Note well: 13-1-111 NMSA 1978 only authorizes state agencies other than the state purchasing agent to procure professional services by means of competitive sealed proposals. 13-1-111 NMSA 1978 does not authorize state agencies to avoid centralized purchasing through the state purchasing agent by issuing RFPs for items of tangible personal property, or nonprofessional services.

B. Definitions. The words "practicable" and "advantageous" are to be given ordinary dictionary meanings. The term "practicable" denotes what may be accomplished or put into practical application. "Advantageous" denotes a judgmental assessment of what is in the state's best interest. The use of competitive sealed bids may be practicable, that is, reasonably possible, but not necessarily advantageous, that is, in the state's best interest.

C. Proposals offer flexibility. The key element in determining advantageousness is the need for flexibility. The competitive sealed proposal method differs from the competitive sealed bid method in two important ways:

(1) it permits discussions with competing offerors and changes in their proposals including price;

and;

(2) it allows comparative judgmental evaluations to be made when selecting among acceptable proposals for award of a contract.

D. Determinations by category. The state purchasing agent may make determinations by category of services or items of tangible personal property that it is either not practicable or not advantageous to procure specified types of service or items of tangible personal property by competitive sealed bids in which case competitive sealed proposals shall be utilized. The state purchasing agent may modify or revoke such determinations at any time.

[1.4.1.30 NMAC - Rp, 1.4.1.30 NMAC, 08-30-13]

1.4.1.31 REQUEST FOR PROPOSALS ("RFP"):

A. Initiation. The request for proposals ("RFP") is used to initiate a competitive sealed proposal procurement. All state agencies shall follow published guidelines and procedures issued by the state purchasing agent from development stage through award of RFP-based procurements. At a minimum the RFP shall include the following:

- (1) the specifications for the services or items of tangible personal property to be procured;
- (2) all contractual terms and conditions applicable to the procurement;
- (3) instructions concerning the submission and response to questions;
- (4) the term of the contract and conditions of renewal or extension, if any;
- (5) instructions and information to offerors, including the location where proposals are to be received and the date, time and place where proposals are to be received and reviewed;
- (6) all of the evaluation factors, and the relative weights to be given to the factors in evaluating proposals;
- (7) a statement that discussions may be conducted with offerors who submit proposals determined to be reasonably susceptible of being selected for award, but that proposals may be accepted without such discussions;
- (8) a notice that the RFP may be canceled and that any and all proposals may be rejected in whole or in part when it is in the best interest of the state of New Mexico; and
- (9) a statement of how proposed costs should be submitted;
- (10) a notice that reads substantially as follows: The Procurement Code, 13-1-28 through 13-1-199 NMSA 1978, imposes civil, misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kick-backs.

B. Incorporation by reference. The RFP may incorporate documents by reference, provided that the RFP specifies where such documents can be obtained.

C. Form of proposal. The manner in which proposals are to be submitted, including any forms for that purpose, should be designated in the RFP.

D. Proposal preparation time. 30 calendar days between the date of issue and the proposal due date is the recommended minimum proposal preparation time. A longer preparation time may be required for complex procurements or for procurements that require substantial offeror resources to prepare an acceptable proposal. [1.4.1.31 NMAC - Rp, 1.4.1.31 NMAC, 08-30-13]

1.4.1.32 PUBLIC NOTICE REQUEST FOR PROPOSAL:

A. Procurements by the state purchasing agent. The state purchasing agent shall give public notice of the RFP in the same manner as provided in 1.4.1.17 NMAC of this rule. However, an RFP or a notice shall be published not less than 20 days prior to the date set for receipt of proposals unless a shorter time frame is requested and approval granted by the state purchasing agent.

B. Procurements of all tangible personal property or services. The procurement manager shall deliver to the state purchasing agent or designee the following listed items no later than 15 calendar days prior to the proposed issue date:

- (1) a one-page notice suitable for distribution that contains the procurement title, purpose statement, the issue date, the name of the agency conducting the procurement, the place where a copy of the RFP document may be obtained, the date and location of the pre-proposal conference, if one is held, the name, address and phone number of the procurement manager and the deadline for submission of proposals;
- (2) a completed state of New Mexico purchase document;
- (3) a list containing the names and addresses of suggested sources, if any;
- (4) a copy of the complete RFP document; for large or complex procurements, the draft RFP document shall be delivered to the state purchasing agent for review at least thirty days prior to the proposed issue date.

C. Procurements of professional services by other central purchasing offices. When procuring professional services, central purchasing offices other than the state purchasing agent shall provide the following notice:

- (1) the RFP or a notice thereof shall be published not less than 10 calendar days prior to the date set for the receipt of proposals; it is recommended, however, that the time period between the published date and the date set for receipt of proposals be no less than 20 days; the RFP or notice shall be published at least once in a newspaper of general circulation in the area in which the central purchasing office is located; if there is no newspaper of general circulation in the area, such other notice may be given as is commercially reasonable; and

(2) a copy of the RFP and notice shall be delivered to the state purchasing agent not less than 15 calendar days prior to the date set for the issuance; the state purchasing agent shall distribute the RFP or notice to prospective offerors who have registered with the state purchasing agent's office in accordance with the terms of Subsection B of 1.4.1.17 NMAC of this rule and Subsection A of this section; and

(3) a copy of the RFP shall be made available for public inspection at the central purchasing office.

D. Additional notice. The requirements of Subsections A, B and C of this section are in addition to any other procedures which may be adopted by the state purchasing agent or central purchasing offices to notify prospective offerors that proposals will be received, including but not limited to publication in professional journals, if available.

1.4.1.34 AMENDMENTS TO THE REQUEST FOR PROPOSALS:

A. Prior to submission of proposals. Prior to submission of proposals, amendments to the RFP may be made in accordance with 1.4.1.19 NMAC of this rule.

B. After submission of proposals. After submission of proposals, amendments to the RFP shall be distributed only to short-listed offerors. The short-listed offerors shall be permitted to submit new proposals or to amend those submitted. If in the opinion of the procurement officer or procurement manager, a contemplated amendment will significantly change the nature of the procurement, the RFP shall be canceled in accordance with 1.4.1.68 through 1.4.1.72 NMAC of this rule, and a new RFP issued.

[1.4.1.34 NMAC - Rp, 1.4.1.34 NMAC, 08-30-13]

1.4.1.35 MODIFICATION OR WITHDRAWAL OF PROPOSALS: Proposals may be modified or withdrawn prior to the established due date in accordance with 1.4.1.20 NMAC of this rule. The established due date is either the time and date announced for receipt of proposals or receipt of modifications to proposals, if any; or, if discussions have begun, it is the time and date by which best and final offers must be submitted by short-listed offerors.

[1.4.1.35 NMAC - Rp, 1.4.1.35 NMAC, 08-30-13]

1.4.1.36 LATE PROPOSALS, LATE WITHDRAWALS AND LATE MODIFICATIONS: Any proposal, withdrawal, or modification received after the established due date at the place designated for receipt of proposals is late. B. Opening. Proposals shall not be opened publicly and shall not be open to public inspection until after award of a contract. An offeror may request in writing nondisclosure of confidential data. Such data shall accompany the proposal and shall be readily separable from the proposal in order to facilitate eventual public inspection of the nonconfidential portion of the proposal.

[1.4.1.37 NMAC - Rp, 1.4.1.37 NMAC, 08-30-13]

1.4.1.38 EVALUATION OF PROPOSALS:

A. Evaluation factors: The evaluation shall be based on the evaluation factors and the relative weights set forth in the RFP. Numerical rating systems are required for requests for proposals-based procurements.

B. Evaluation committee. The state agency management shall appoint an evaluation committee prior to the due date for receipt of proposals. The size of the committee should be manageable and include both user and technical support representatives.

C. Classified proposals. For the purpose of conducting discussions under 1.4.1.39 NMAC of this rule, proposals shall be initially classified as:

- (1) responsive;
- (2) potentially responsive, that is, reasonably susceptible of being made responsive; or
- (3) non-responsive.

D. Disqualification. Non-responsive proposals are disqualified and eliminated from further consideration. A written determination in the form of a letter must be sent promptly to the disqualified offeror setting forth the grounds for the disqualification, and made a part of procurement file.

[1.4.1.38 NMAC - Rp, 1.4.1.38 NMAC, 08-30-13]

1.4.1.39 PROPOSAL DISCUSSIONS AND NEGOTIATIONS WITH INDIVIDUAL OFFERORS:

A. Discussions authorized. Discussions may be conducted with responsible offerors who submit acceptable or responsive, potentially acceptable or potentially responsive proposals.

B. Purposes of discussions. Discussions are held to clarify technical or other aspects of the proposals.

C. Conduct of discussions. If during discussions there is a need for any substantial clarification or change in the request for proposals, the request for proposals shall be amended to incorporate such clarification or change. Any substantial oral clarification of a proposal shall be reduced to writing by the offeror. Proposals may be accepted and evaluated without such discussion. This is not an opportunity for the offerors to amend the substance of their proposals.

D. Short list. All responsible offerors who submit acceptable proposals are eligible for the short list. If numerous acceptable proposals have been submitted, however, the procurement officer or procurement manager may rank the proposals and select the highest ranked proposals for the short list. Those responsible offerors who are selected for the short list are the "short-listed offerors" or "finalist offerors".

E. Competitive negotiations. Competitive negotiations may be held among the short-listed offerors to:

- (1) promote understanding of a state agency's requirements and short-listed offerors' proposal; and
- (2) facilitate arriving at a contract that will be most advantageous to a state agency taking into consideration the evaluation factors set forth in the RFP;
- (3) except for circumstances and situations otherwise approved by the state purchasing agent, negotiations of the relevant terms and conditions as well as any other important factors in an RFP and proposed contract are negotiated prior to award of a contract, not after award.

F. Conduct of competitive negotiations. Short-listed offerors shall be accorded fair and equal treatment with respect to any negotiations and revisions of proposals. The procurement officer should establish procedures and schedules for conducting negotiations. If during discussions there is a need for any substantial clarification of or change in the RFP, the RFP shall be amended to incorporate such clarification or change. Any substantial oral clarification of a proposal shall be reduced to writing by the short-listed offeror.

1.4.1.40 DISCLOSURE: The contents of any proposal shall not be disclosed so as to be available to competing offerors during the negotiation process and prior to award. Award in this context means the final required state agency signature on the contract(s) resulting from the procurement.

[1.4.1.40 NMAC - Rp, 1.4.1.40 NMAC, 08-30-13]

1.4.1.41 BEST AND FINAL OFFERS: Best and final offers in a request for proposals are strongly discouraged. An offeror's best offer should be included in that offeror's original proposal. No discussion or changes to that offer should be allowed prior to selection of the offeror as the successful offeror unless negotiations are undertaken pursuant to 1.4.1.39 NMAC of this rule. After such selection of a successful offeror or offerors (for a multiple award procurement) and before final award, an agency may negotiate with the selected successful offeror(s) for the best possible terms for the state but such negotiations shall not change the successful offeror's or offerors' (for a multiple award procurement) proposal(s) to the detriment of the state. Award in this context means the final required state agency signature on the contract(s) resulting from the procurement.

1.4.1.42 MISTAKES IN PROPOSALS:

A. Modification or withdrawal of proposals. Proposals may be modified or withdrawn as provided in 1.4.1.35 NMAC of this rule.

B. Mistakes discovered after receipt of proposals. This subsection sets forth procedures to be applied in several situations in which mistakes in proposals are discovered after receipt of proposals.

(1) Confirmation of proposal. When the procurement officer or procurement manager knows or has reason to conclude before award that a mistake has been made, the procurement officer or procurement manager should request the offeror to confirm the proposal. If the offeror alleges mistake, the proposal may be corrected or withdrawn during any discussions that are held or if the conditions set forth in Subsection C of this section are met.

(2) During negotiations. If best and final offers are requested in the RFP, between the period of selecting short-listed/finalist offerors and the date set for best and final offers, any short-listed or finalist offeror may freely correct any mistake by modifying or withdrawing the proposal until the time and date set for receipt of best and final offers.

C. Technical irregularities. Technical irregularities are matters of form rather than substance evident from the proposal document, or insignificant mistakes that can be waived or corrected without prejudice to other offerors; that is, when there is no effect on price, quality or quantity. If discussions are not held or if best and final offers upon which award will be made have been received, the procurement officer or procurement manager may waive such irregularities or allow an offeror to correct them if either is in the best interest of the state. Examples include, but are not limited to, the failure of an offeror to:

(1) return the number of signed proposals required by the RFP;

(2) sign the proposal, but only if the unsigned proposal is accompanied by other material indicating the offeror's intent to be bound; or

(3) acknowledge receipt of an amendment to the RFP, but only if:

(a) it is clear from the proposal that the offeror received the amendment and intended to be bound by its terms; or

(b) the amendment involved had no effect on price, quality or quantity.

D. Correction of mistakes. If discussions are not held, or if the best and final offers upon which award will be made have been received, mistakes shall be corrected to the intended correct offer whenever the mistake and the intended correct offer are clearly evident to the evaluation committee members or the procurement officer or the procurement manager on the face of the proposal, in which event the proposal may not be withdrawn.

E. Withdrawal of proposals. If discussions are not held, or if the best and final offers upon which award will be made have been received, an offeror alleging a material mistake of fact which makes a proposal non-responsive may be permitted to withdraw the proposal if:

(1) the mistake is clearly evident to the evaluation committee members or the procurement officer or the procurement manager on the face of the proposal but the intended correct offer of the offeror is not; or

(2) the offeror submits evidence which clearly and convincingly demonstrates that a mistake was made.

F. Determination required. When a proposal is corrected or withdrawn, or correction or withdrawal is denied under Subsections C through E of this section, the procurement officer or procurement manager shall prepare a written determination showing that the relief was granted or denied in accordance with this section. Award in this context means the final required state agency signature on the contract(s) resulting from the procurement.

Award in this context means the final required state agency signature on the contract(s) resulting from the procurement.

B. Confidential data. If a request is received for disclosure of data, for which an offeror has made a written request for confidentiality, the state purchasing agent or central purchasing office shall examine the offeror's request and make a written determination that specifies which portions of the proposal should be disclosed. If it is determined that an offeror's requested confidential data should be disclosed, that offeror will receive reasonable notice in order to afford the offeror the opportunity to take legal action to prevent the disclosure. Unless the offeror takes legal action to prevent the disclosure, the data will be so disclosed. Any qualified potential contractor who was not awarded a sole source contract may protest to the state purchasing agent or a central purchasing office. The protest shall be submitted:

(2) within 15 calendar days of the notice of intent to award a contract being posted by the state purchasing agent or a central purchasing office.

A. at a price equal to or less than the contractor's current federal supply contract (GSA), providing the contractor has indicated in writing a willingness to extend the contract's pricing, terms and conditions to the state agency and the purchase order adequately identifies the contract relied upon; or

B. with a business which has a current price agreement with the state purchasing agent or a central purchasing office for the item, services, or construction meeting the same standards and specifications as the items to be procured, if the following conditions are met:

(1) the total quantity purchased does not exceed the quantity which may be purchased under the applicable price agreement; and

(2) the purchase order adequately identifies the price agreement relied upon;

C. other than Subsection A and B of this section and cooperative procurements as authorized by statute (and described in 13-1-135 NMSA 1978) or the state procurement card program (described in 6-5-9.1 NMSA 1978), no other procurement under existing contracts is authorized; no central purchasing office of a state agency or any other governmental entity may utilize a contract entered into by a different state agency or other governmental entity if not involved in the procurement itself (i.e., so-called "piggybacking" of contracts; the practice of "piggybacking" is not allowed under the Procurement Code); purchases under contracts developed through cooperative procurement authorized under 13-1-135 NMSA 1978 or contracts which qualify under 13-1-129 NMSA 1978 is permitted and does not constitute "piggybacking."

1.4.1.66 LIMITATION ON SUBSECTION A OF 1.4.1.65 OF THIS RULE RELATING TO GSA

CONTRACTS: It should be understood, the state is not authorized to utilize a GSA contract per se. It is imperative, therefore, that the contractor, not a dealer or distributor, who has a current GSA contract indicate in writing a willingness to extend the contract's pricing, terms and conditions to the state of New Mexico. Therefore, a state agency shall not procure services, construction or items of tangible personal property directly under a general services administration (GSA) contract. Rather, a state agency must procure pursuant to a state purchasing agent price agreement which reflects the prices, terms and conditions of the respective GSA contract. If no such state purchasing agent price agreement exists, a state agency may make a written request to the state purchasing agent for the issuance of one. The request must be accompanied by a current copy of the applicable GSA contract, a letter from the contractor expressing a willingness to extend the contract's pricing, terms and conditions to the state of New Mexico and a letter from the state agency indicating a commitment to utilize the price agreement. The state purchasing agent will ascertain whether it is current and whether the proposed price is equal to or less than the federal supply contract price. If everything is in order, the state purchasing agent will issue a price agreement or purchase order reflecting the prices, terms and conditions of the GSA contract. A state agency shall make no procurements from the GSA contractor until a state purchasing agent price agreement has been issued.

[1.4.1.68 NMAC - Rp, 1.4.1.68 NMAC, 08-30-13]

1.4.1.70 CANCELLATION OF SOLICITATIONS OR REJECTION OF ALL BIDS OR PROPOSALS:

A. Prior to opening.

- (1) As used in this section, "opening" means the date set for opening of bids or receipt of proposals.
- (2) Prior to opening, a solicitation may be canceled in whole or in part when the state purchasing agent or central purchasing office makes a written determination that such action is in the state's best interest for reasons including but not limited to:
 - (a) the services, construction, or items of tangible personal property are no longer required;
 - (b) the using agency no longer can reasonably expect to fund the procurement; or
 - (c) proposed amendments to the solicitation would significantly change the nature of the procurement.
- (3) When a solicitation is canceled prior to opening, notice shall be sent to all businesses solicited.

The notice shall:

- (a) identify the solicitation;
- (b) briefly explain the reason for cancellation; and
- (c) where appropriate, explain that an opportunity will be given to compete on any resolicitation or any future procurements of similar services, construction, or items of tangible personal property.

B. After opening.

(1) After opening but prior to award, all bids or proposals may be rejected in whole or in part when the state purchasing agent or central purchasing office makes a written determination that such action is in the state's best interest for reasons including but not limited to:

- (a) all of the bids and proposals are nonresponsive;
- (b) the services, construction, or items of tangible personal property are no longer required;
- (c) ambiguous or otherwise inadequate specifications were part of the solicitation;
- (d) the solicitation did not provide for consideration of all factors of significance to the using agency;

(e) prices exceed available funds and it would not be appropriate to adjust quantities to come within available funds;

- (f) all otherwise acceptable bids or proposals received are at clearly unreasonable prices; or
- (g) there is reason to believe that the bids or proposals may not have been independently arrived at in open competition, may have been collusive, or may have been submitted in bad faith.

(2) A notice of rejection should be sent to all businesses that submitted bids or proposals, and it shall conform to Paragraph (3) of Subsection A of this section.

[1.4.1.70 NMAC - Rp, 1.4.1.70 NMAC, 08-30-13]

1.4.1.71 REJECTION OF INDIVIDUAL BIDS OR PROPOSALS:

A. Reasons for rejection.

(1) Bids. As used in this section, "bid" includes both competitive sealed bids and small purchase quotations. Reasons for rejecting a bid shall include but are not limited to:

(a) the business that submitted the bid is nonresponsive as determined under 1.4.1.73 NMAC of this rule;

- (b) the bid is not responsive; or
- (c) the service, construction, or item of tangible personal property offered in the bid is unacceptable by reason of its failure to meet the requirements of the specifications, or permissible alternates, or other acceptability criteria set forth in the IFB.

(2) Proposals. As used in this section, "proposal" includes both competitive sealed proposals and small purchase offers. Unless the solicitation states otherwise, proposals need not be unconditionally accepted without alteration or correction and a using agency's stated requirements may be revised or clarified after proposals are submitted. This flexibility must be considered in determining whether reasons exist for rejecting all or any part of a proposal. Reasons for rejecting proposals include but are not limited to:

- (a) the business that submitted the proposal is nonresponsive as determined under 1.4.1.75 through 1.4.1.79 NMAC of this rule;
- (b) the proposal is not responsive; or
- (c) the proposed price is clearly unreasonable; or
- (d) the proposal failed to adequately address one or more material mandatory requirements as set forth in the request for proposals.

B. Written determination required. A written determination which contains the reasons for the rejection of an individual bid or proposal shall be prepared by the state purchasing agent or central purchasing office and made a part of the procurement file.

[1.4.1.71 NMAC - Rp, 1.4.1.71 NMAC, 08-30-13]

1.4.1.72 "ALL OR NONE" BIDS: When the term "all or none" is used.

A. By the purchaser in a solicitation. A solicitation may require bidders to submit bids or offers on all items listed in the solicitation, or may identify certain groups of items in which all items must be bid. If the solicitation is properly so limited, a bidder's failure to bid all items identified as "all or none" items may render the bid nonresponsive.

B. By the bidder or offeror, and not the purchaser. If the bidder restricts acceptance of the bid, or a portion thereof, by such a statement as "all or none", the bidder has "qualified" the offer which may render the bid as nonresponsive.

C. In instances as stated in both Subsections A and B of this section such a bid or offer may be accepted only if the state purchasing agent or a central purchasing office issues a determination setting forth the basis for accepting the bid or offer as being in the best interest of the state. Also in both, instances, the bid or offer is only eligible for award if it is the overall low bid for the item or items so restricted.

1.4.1.73 APPLICATION (RECEIPT; INSPECTION; ACCEPTANCE OR REJECTION OF DELIVERIES; 1.4.1.73 - 1.4.1.74 NMAC): The using agency is responsible for inspecting and accepting or rejecting deliveries.

A. The using agency shall determine whether the quantity is as specified in the purchase order or contract.

B. The using agency shall determine whether the quality conforms to the specifications referred to or included in the purchase order or contract.

C. If inspection reveals that the delivery does not meet or conform to the quantity or quality specified in the purchase order or contract, the using agency shall notify the vendor that the delivery has been rejected and shall order the vendor to promptly make a satisfactory replacement or supplementary delivery.

D. In case the vendor fails to comply, the using agency shall promptly file a purchasing complaint with the state purchasing agent.

E. Also, in case the vendor fails to comply, the using agency shall have no obligation to pay for the nonconforming items of tangible personal property.

F. If the delivery does conform to the quantity and quality specified in the purchase order or contract, the using agency shall certify that delivery has been completed and is satisfactory.

[1.4.1.73 NMAC - Rp, 1.4.1.73 NMAC, 08-30-13]

1.4.1.74 SUMMARY: Notwithstanding the requirements of 1.4.1.73 NMAC, if, after delivery and acceptance of goods, the goods or a portion thereof are later found to be non-conforming to the specifications referred to or included in the purchase order or contract, such acceptance does not waive any rights or remedies which are otherwise granted to the buyer in accordance with other applicable sections of laws of New Mexico.

[1.4.1.75 NMAC - Rp, 1.4.1.75 NMAC, 08-30-13]

1.4.1.78 INQUIRY BY PROCUREMENT OFFICER: Before awarding a contract, the procurement officer or procurement manager must be satisfied that the bidder or offeror is responsible. Therefore, a bidder or offeror shall supply information and data requested by the procurement officer concerning the responsibility of the bidder or offeror. The unreasonable failure of a bidder or offeror to promptly supply information or data in connection with such an inquiry is grounds for a determination that the bidder or offeror is not responsible.

[1.4.1.78 NMAC - Rp, 1.4.1.78 NMAC, 08-30-13]

1.4.1.79 DETERMINATION REQUIRED: If a bidder or offeror who otherwise would have been awarded a contract is found to be non-responsible, a written determination, setting forth the basis of the finding, shall be prepared by the state purchasing agent or central purchasing office. The written determination shall be made part of the procurement file, and a copy of the determination shall be sent to the non-responsible bidder or offeror.

Such written determination should set forth the basis for the determination. Interveners shall accept the status of the proceedings at the time of their intervention; in particular, they must abide by all prior rulings and accept all previously established time schedules.
